### Regarding Covid-19 in Saskatchewan

Regarding the Covid-19 pandemic, we too are monitoring this situation and undertaking precautionary measures to help slow the spread of the virus including increased sanitization efforts, staying home if sick, and working from home as necessary.

In consultation with our program funders, at this moment we will not be providing non-essential services to clients, and community stakeholders. We will continue to provide regular settlement services to clients via email, telephone, or through our social media platforms, however this may change as deemed necessary.

To help us all stay healthy, we do request that clients do NOT visit our location or request face to face visits. Please stay home and give us a call or email instead, as we can accomplish a lot through these methods of contact.

Thank you for continuing to support the advice and needs of our medical professionals and world health organizations, of whom we are all relying on to help us all get through this troubling, yet temporary, situation as best as possible.

Thank you and stay healthy.

Janine, Elviria, Jaylord, Tracy, Victoria, and Amanda.
